SUMMARY

Software Engineer with 1+ year of experience in developing and maintaining web applications using Java, Spring Boot, React.js, REST APIs, and SQL. Experienced in designing, coding, testing, debugging, and enhancing software components while working in Agile development environments. Strong understanding of Object-Oriented Programming (OOP), Software Development Life Cycle (SDLC), version control using Git, and collaborative software development practices. Passionate about building scalable applications, writing clean and maintainable code, and continuously learning new technologies.

PROGRAMMING LANGUAGES

- **Frontend:** HTML5, CSS3, Bootstrap, React.js
- **Backend:** Java, Spring Boot, JDBC, JSP, Servlet, REST APIs
- **Database:** MySQL, PostgreSQL, SQL
- **Tools:** Git, GitHub, Postman, VS Code, Eclipse, IntelliJ IDE
- **Concepts:** Object-Oriented Programming (OOP), Software Development Life Cycle (SDLC), Agile Methodology, REST APIs, Debugging, Problem Solving, Software Testing, Version Control

WORK EXPERIENCE

Software Engineer, ETHDC Technologies Private Limited

July 2025 – Present

- Developed and maintained software modules for the COMPLIT24 Education Management System.
- Designed, developed, tested, and enhanced application features based on business requirements.
- Built responsive user interfaces using React.js and integrated REST APIs.
- Collaborated with cross-functional teams to deliver scalable software solutions.
- Participated in debugging, testing, and performance optimization of application modules.
- Created reports and dashboard modules to improve operational efficiency.
- Worked in Agile development environment using Git for version control.

Project Engineer, ETHDC Technologies Private Limited

Nov 2024 – July 2025

- Developed ChangeLog Management System to track software releases and updates.
- Built PARAM Configuration Module for centralized application configuration.
- Assisted in designing, developing, testing, and debugging software components.
- Collaborated with development team to integrate frontend and backend modules.
- Participated in Agile sprint activities and documentation.

Java Developer Intern, Creazione Software

May 2024 – Oct 2024

- Developed Student Attendance Management System using Java and SQL.
- Implemented CRUD operations and database integration.
- Wrote optimized SQL queries for improved application performance.
- Assisted in software testing, debugging, and issue resolution.

- Developed Complaint Management System using JSP and MySQL.
- Implemented user authentication and complaint management features.
- Designed responsive web pages and integrated backend functionality.
- Participated in software testing and bug fixing.

PROJECTS

Education Management System

- Developed attendance management, reporting, and administrative modules.
- Integrated frontend with REST APIs and SQL database.
- Improved application performance through optimized SQL queries.

ACHIEVEMENTS

- **HackerRank Java:** Gold Badge (5 stars) – Achieved 268+ points by solving Java programming challenges, demonstrating strong coding and problem-solving abilities.
- **HackerRank SQL:** Bronze Badge (1 star) – Achieved 85+ points by solving SQL challenges, demonstrating proficiency in database querying and SQL fundamentals.

CERTIFICATES

- | | |
|-----------------------------|-------------------|
| • Java Full Stack Developer | — Giri’s Tech Hub |
| • MySQL & Java Basics | — Great Learning |
| • Introduction to Java | — Coursera |
| • SQL (Basic) | — HackerRank |
| • SQL (Intermediate) | — HackerRank |
| • SQL (Advanced) | — HackerRank |
| • React (Basic) | — HackerRank |

EDUCATION

VPKBIET,Baramati	July 2019 - July 2023
• Savitribai Phule Pune University • CGPA: 8.11	

LANGUAGES

- English
- Marathi
- Hindi
